

Van Der Graff Generator (Alternate Assignment)

You missed an in-class demonstration of the Van Der Graff Generator. To earn the stamp your classmates earned, do the following and turn it in attached to this paper.

Research (on the internet) what a Van Der Graff Generator is.

- Write a description (paragraph form) of a VDG generator.
- Draw a picture of a VDG generator and illustrate your picture with labels and a description of how it works.

It may help to watch a few you tube videos about the VDG generator.
